John,

Attached are OWCD edits to OMB's Reg plan/agenda.

The Reg agenda edits are on page 324 to address the 401 Cert rulemaking.

The Reg plan edits are on pages 5, 9 & 62.

Let me know if you have any comments or concern. I will send it to Christine once you complete your review.

Hi Patrick and Mindy, I see that Tomeka is out of the office and am not sure when she will be back. Given the very tight turnaround time for this, could you please coordinate OWOW's response? Each office will need to send in just a single response. Could you confirm that someone will be working on this in Tomeka's absence? Thanks so much!

Hi everyone, OP just sent us OMB edits and comments on the 2019 Reg Plan and Agenda. Please find attached two documents for the Reg Agenda and the Reg plan. OW's section in the Reg Agenda starts on page 301. For the Reg plan, please see pages 1 through 9 and pages 44 to 98.

For both documents please confirm in comment section that you agree with OMB's suggested edits, and if you disagree, indicated in comment where and why EPA is not changing or accepting a particular edit suggestion.

I need to get all of OW's edits/comments reviewed by Sr Management so that I can put them all individually into OP's online sharepoint site by COB Thursday Aug 23 per OP request (NO EXCEPTIONS). Therefore I need each office to send in **one OD approved response in redline/strikeout/comment no later than 10 am, Wed. August 22.** (it appears that OMB's in text edits are in purple)

I wanted to get this out quickly and so have not done a summary for you of where the edits or comments are. I have a few questions on the comments and will follow up with each SRM individually very soon. Thanks so much for the quick turn around! Christine
